Narrative Explanation

I performed a follow up inspection today. On the Nov 28, 2016 inspection I wrote in my report that the owner needed to install separation barriers on the outside runs for sanitation concerns when the outside kennels are cleaned. 02 NCAC 52J .0204 PRIMARY ENCLOSURES

(a) Primary enclosures shall be constructed so as to prevent contamination from waste and wastewater from animals in other enclosures

The owner had 60 days to start on the installing barriers. The barriers have not been installed.

I am requesting the owner send to me with in 7 days a time line as to when the barriers will start to be installed.

joe.blomquist@ncagr.gov

The other inadequacies I addressed on the 28th have been corrected.

The records are in compliance.

I am approving this inspection today, however I will return sometime after 60 days to check on the process of installation of the barriers. The owner needs to submit a time line with in the next 7 days.

☐ check here if a euthanasia inspection form is attached
